PROFESSIONAL EXPERIENCE

Visual Merchandiser & Department Manager | Reliance Retail Trends | India **2023 – 2025**

- Conceptualized and executed **seasonal fashion displays and product presentations** across three departments, translating **brand guidelines, fashion trends, colour stories, and customer preferences** into engaging retail experiences.
- Analyzed **fashion trends, competitor assortments**, and **regional customer preferences** to support **product presentation, styling, colour coordination, floor layouts, and planogram development** aligned with **promotional calendars** and **brand guidelines**.
- Collaborated with **marketing, retail, and merchandising teams** to coordinate **visual concepts, styling direction, campaign assets, POP materials, and brand presentations** across customer touchpoints.
- Evaluated **customer engagement, footfall, and conversion data** and restructured 5+ underperforming zones to improve **product visibility, visual appeal, and sales conversion**.
- Trained and onboarded 8+ team members on **visual merchandising standards, styling principles, product presentation, and brand guidelines**, improving setup accuracy and presentation quality.
- Coordinated **inventory, vendor activities, campaign execution, and stakeholder reporting**, ensuring timely delivery of merchandising initiatives within budget.

PROJECTS

Papaverine Efflorescence Costume Collection | Fashion Designer | JD Design Awards

April 2023

- Developed a complete **botanical-themed costume collection** from initial concept through final presentation for a national-level design award.
- Created **50 technical flat sketches and 10 fashion illustrations** showcasing silhouettes, construction details, drape, and texture.
- Developed **6 design boards**, including inspiration, mood, visual, colour, client, and concept boards to communicate the collection's creative direction.
- Prepared detailed **technical specification sheets and cost breakdowns**, covering fabric sourcing, trim costing, and production timelines for a **10-look collection**.

Calendula Flip Flop Fashion Show | Lead Fashion Designer

April 2023

- Led the complete design process for an institutional runway show, from **initial concept development to final garment presentation**.
- Developed a cohesive **sunflower-inspired collection**, overseeing colour palette selection, fabric sourcing, pattern making, stitching, and garment finishing.
- Coordinated the end-to-end execution of the collection to ensure consistency between the creative concept and final garments presented on the runway.
